

## GUIDE FOR SWITCHBOARD INTERNAL FORMS OF SEPERATION

- **Form 1** – No internal separation of the busbars, functional units and terminals from each other.
- **Form 2a** – Separation of the busbars from functional unit. Terminals are not separated from the busbars.
- **Form 2b** – As above Form 2a except the terminals are not separated from the functional units.
- **Form 3a** – Separation of busbars from the functional units and each functional unit from the other units.
- **Form 3b** - As above Form 3a except the terminals are separated from the busbar and functional units.
- **Form 4a** – Separation of the busbars from the function units and each functional unit from other units. Separation of terminals for a functional unit from the busbars and those of any other unit. Terminals enclosed in the same compartment as the functional unit.
- **Form 4b** - As above Form 4a except the terminals are separated from the busbar and functional units and in their own cubicle.
